Subject: Recommendations for updates to state program regulations in 40 CFR 233

Dear Mr. Frazer,

It was very nice to meet you last week; thank you for your time and attention to our proposals regarding the Memorandum of Agreement between the State of Michigan and EPA, and potential updates to the state program regulations in 40 CFR 233. As promised in our conversation, I have attached two copies of the draft of our recommendations on 40 CFR 233 – one in Word, and the other in PDF format in case you have issues opening the Word document. Our recommendations appear in red on the document; additions are in **BOLD RED UPPERCASE**, and struck language is ~~struck through and in red~~, and comments explaining the proposed changes appear throughout on the right margin.

Please don't hesitate to contact me with any questions or to discuss the proposal further. Thank you again, and I hope to be able to see you again soon!
